

International freight solutions

Beyond Borders, Beyond Expectations.

WHO WE ARE

About Nexus

Established in 2008, Nexus stands as a pivotal player in the international freight forwarding and customs brokerage arena. Our inception was driven by a vision to redefine the shipping and trading sectors, meeting their evolving needs with unmatched expertise and dedication. At Nexus, we are committed to delivering premium logistics services, each uniquely tailored to our clients' distinct requirements. Our approach is a blend of personalized attention, innovative solutions, and the profound knowledge brought by our dedicated professionals.

With our global headquarters in Egypt and strategic branches in Germany, France, UK, UAE, and Singapore Nexus casts a wide net across the globe. Our network is further strengthened by reliable strategic partners worldwide, enabling us to offer a comprehensive, one-stop solution for an array of logistics services. We cater to diverse industry verticals, skillfully navigating the complexities inherent in global trade.

Nexus is more than just a logistics provider; we are a key partner in your journey, ensuring seamless, efficient, and trustworthy freight solutions at every turn. Our goal is to make global logistics feel local, offering peace of mind and reliability in every shipment, beyond borders, beyond expectations.

Our Mission

We aim at Nexus to redefine excellence in global freight forwarding. We are dedicated to providing world-class, reliable services, characterized by a steadfast commitment to fulfilling our promises and maintaining consistently high service levels. Our focus is on fostering enduring partnerships with the organizations we serve, ensuring that every logistical challenge is met with tailored solutions and unwavering support. At the heart of our mission lies a deep understanding of our clients' needs, driving us to innovate and excel in every aspect of our service, from local deliveries to global operations.

Our Vision

At Nexus, our mission is to set the standard in providing highly reliable freight forwarding services. We are dedicated to ensuring exceptional service levels and offering comprehensive customer support, tailored to meet the specific needs of each organization we serve.

OUR VALUES, OUR PROMISE

Integrity

Nexus upholds uncompromising integrity, maintaining the highest ethical standards in every facet of our work. This steadfast commitment ensures transparency and trust with every stakeholder.

Reliability

In our services, reliability is the cornerstone of Nexus's promise. We deliver consistent service excellence, with on-time performance as a guarantee, not a goal.

Innovation

We harness the latest in technology and thinking to streamline supply chains, always aiming to set industry benchmarks. Innovation drives Nexus forward.

Partnership

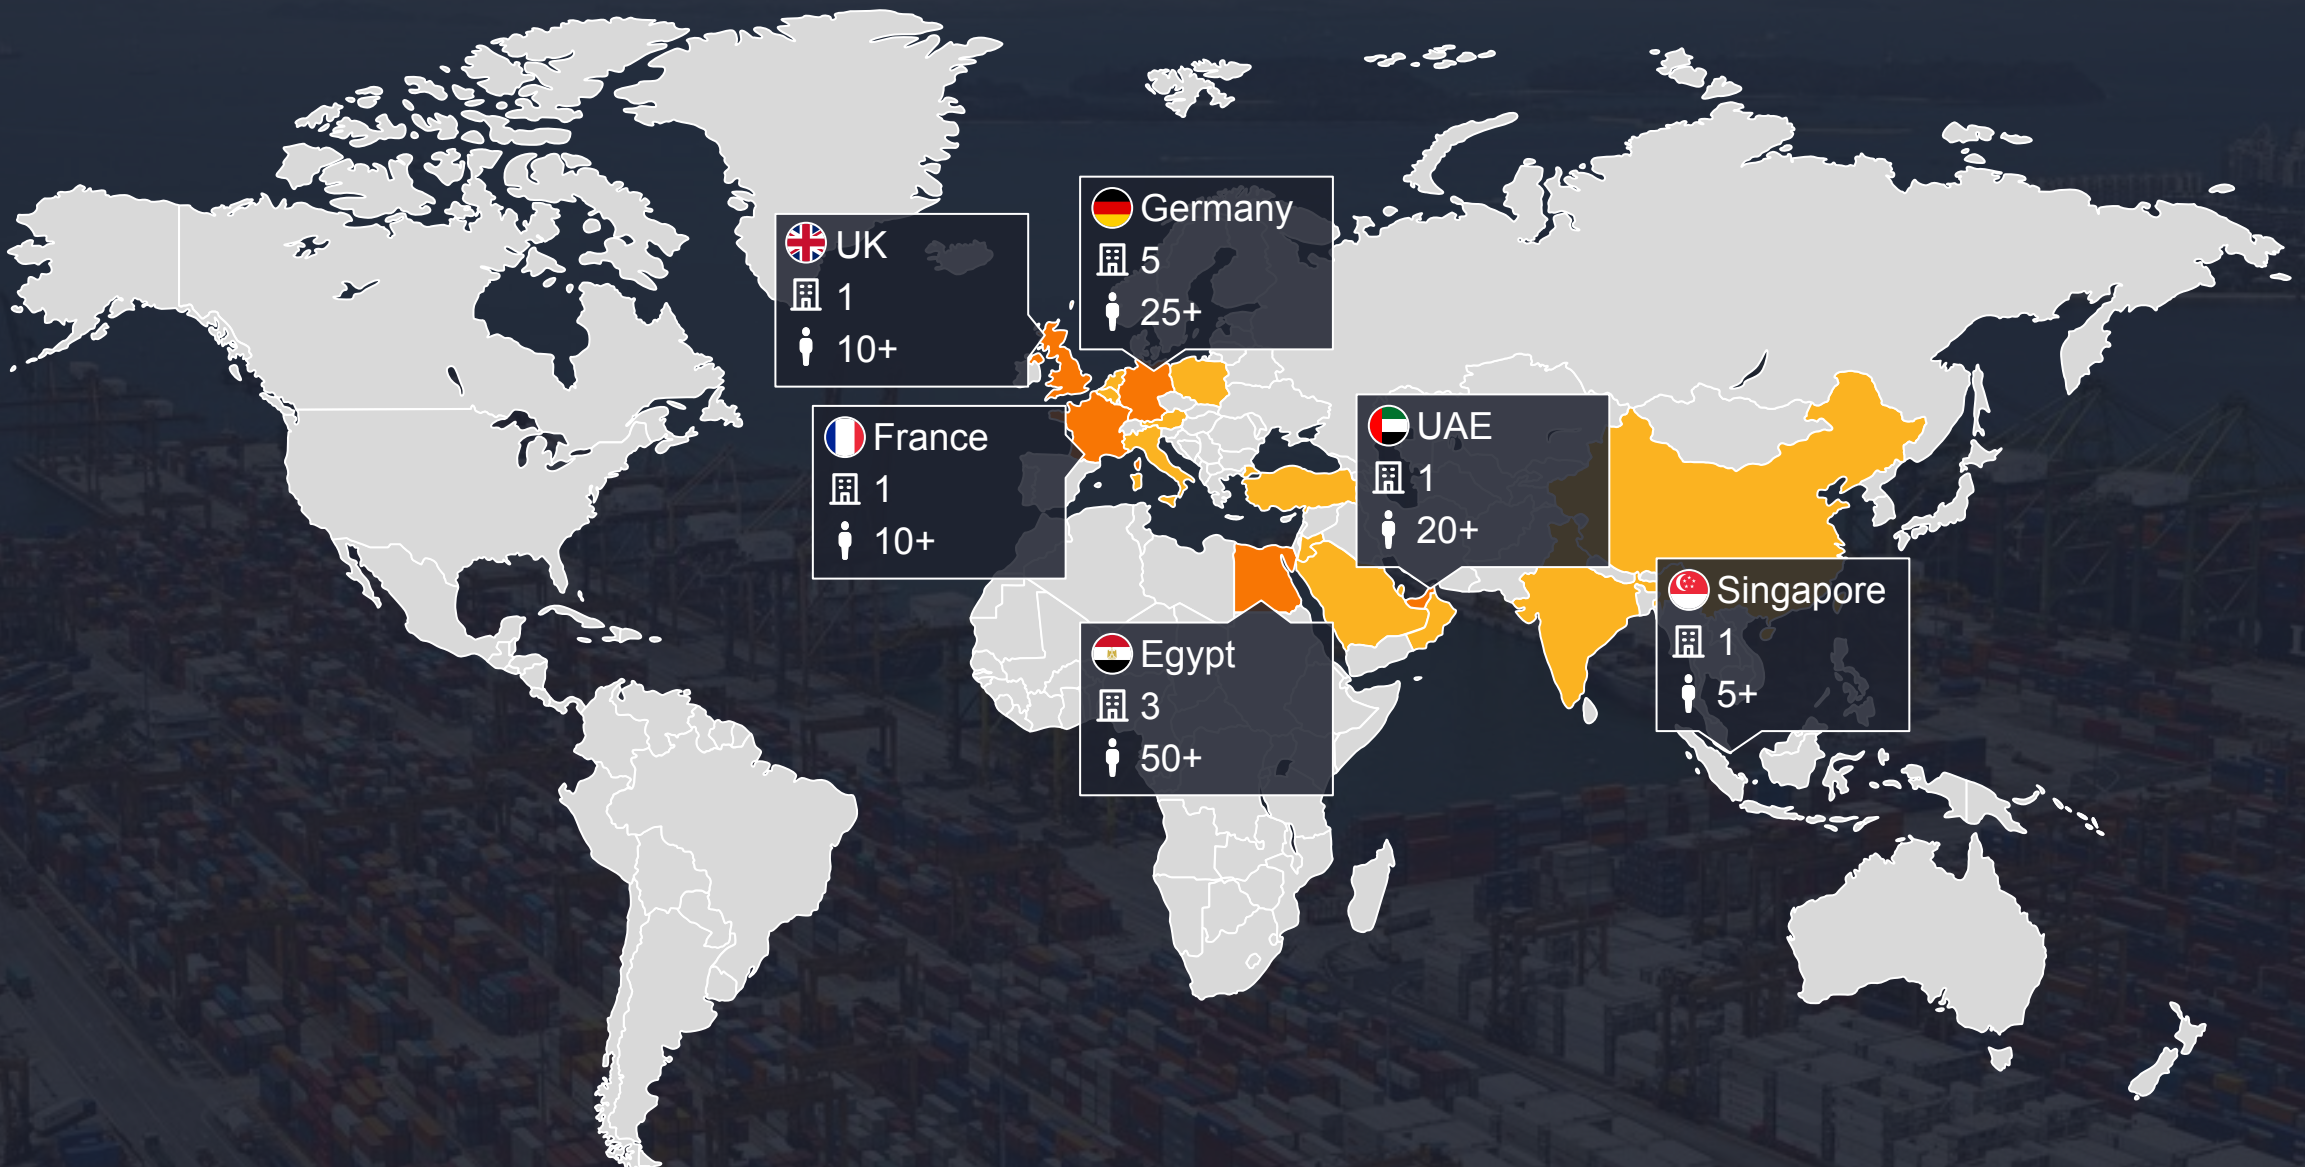

At Nexus, we forge partnerships, not just business deals. Our approach is to grow alongside our clients and business partners, creating a network of mutual success and shared visions.

Social Responsibility

We are committed to the well-being of our communities, engaging in ethical business practices, and contributing to societal advancement through proactive initiatives. Social responsibility is at the heart of Nexus's operations.

SEA FREIGHT

OUR SERVICES

Nexus's expertise in ocean freight is at the forefront of our logistics offerings. We expertly manage Full Container Load (FCL) and Less than Container Load (LCL) shipments on a daily basis, catering to a diverse range of cargo needs. Our proficiency also extends to specialized RoRo (Roll-on/Roll-off) services, ideal for transporting wheeled vehicles such as cars, trucks, and heavy machinery. This method allows for efficient, damage-free loading and unloading, making it a preferred choice for automotive and heavy equipment transportation.

Additionally, we handle out-of-gauge shipments that require non-conventional shipping methods with exceptional ease. Our services are customized to fit our customers' requirements, offering both port-to-port and door-to-door deliveries, in line with the agreed Incoterms.

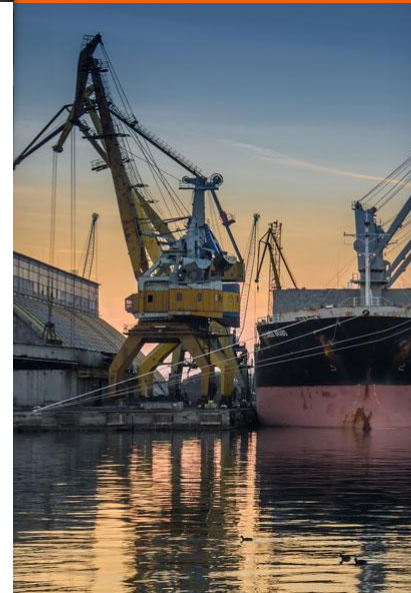

At Nexus, we collaborate closely with a select group of top-tier shipping lines. This strategic partnership ensures the highest quality of service, enabling us to provide cost-effective and solution-oriented shipping options. Our commitment is to empower our customers, helping them stay competitive and flourish in the global market by offering a comprehensive, one-stop solution for all sea freight requirements, including RoRo shipments.

15+ years of experience and a growing global network are our key strengths

- ✓ Full Container Load (FCL)
- ✓ Less than Container Load (LCL)
- ✓ Roll-on/Roll-off (RoRo)

RORO (ROLL-ON/ROLL-OFF)

SEA FREIGHT SERVICES

Passenger Vehicles

We ensure your car is transported securely, whether it's a family sedan or a luxury sports car. Our door-to-door service includes comprehensive handling from the point of origin to your chosen destination, making the process smooth and hassle-free.

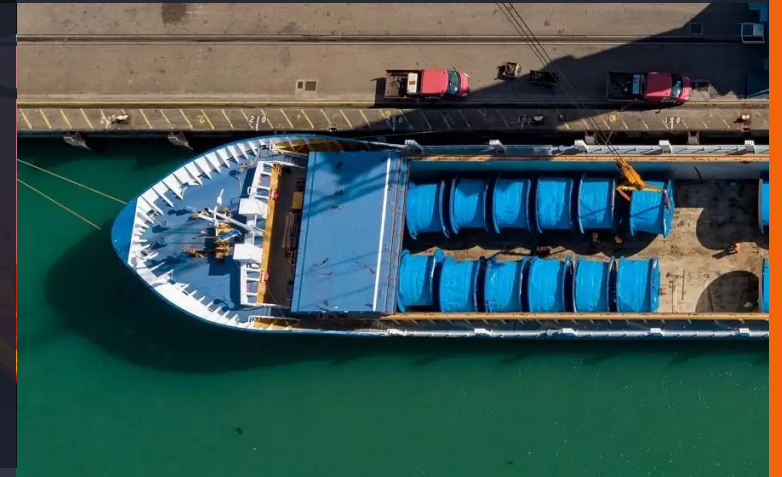

Heavy Goods Vehicles

Recognizing the critical role trucks play in commercial enterprises, Nexus orchestrates a full-spectrum RoRo service to streamline the import and shipping process. Our approach encompasses meticulous documentation, transport logistics, and delivery coordination, culminating in the prompt and pristine arrival of your trucks, ready for immediate deployment.

Heavy Machines & Equipments

Nexus seamlessly facilitates the RoRo shipping of substantial manufacturing machinery and equipment. Our tailored services are designed to tackle the intricacies of large-scale transport, delivering your heavy assets securely and with precision, ensuring they arrive on-site, primed for operational integration.

AIR FREIGHT

OUR SERVICES

In the fast-paced world of global trade, Nexus provides efficient and secure air freight solutions tailored to meet the demands of market globalization. As an IATA Cargo Agent, our capabilities extend across a rapidly expanding worldwide network, ensuring your cargo reaches various destinations with the utmost efficiency.

Our air freight services are designed to balance key factors: transit time, cost, and load capacity, offering you customized solutions that best fit your specific requirements.

Whether it's urgent express service, same-day flights, or comprehensive shipment solutions right to the destination airport or door, Nexus has you covered.

Our array of air freight services includes:

- **Standard Air Services:** Reliable and efficient transportation for general cargo.
- **Perishables:** Expert handling of temperature-sensitive and perishable goods.
- **AOG / Time Critical:** Rapid response for Aircraft on Ground (AOG) and other time-sensitive consignments.
- **Dangerous Goods:** Safe and compliant transport of hazardous materials.
- **Pharma:** Specialized solutions for pharmaceuticals, ensuring integrity and compliance.
- **Air Charter:** Bespoke charter services for when standard solutions just won't do.

A dramatic scene at sunset or sunrise. A helicopter is in flight, hoisting a net. In the foreground, a person stands on a runway with their arms raised in celebration. The sky is filled with clouds, and the sun is low on the horizon, creating a warm, golden glow.

TIME CRITICAL

Air Freight Services

At Nexus, precision and timely delivery are the hallmarks of our service across all areas, but they become even more critical when time is of the essence. Our Time Critical Services are specially designed to handle those unexpected, urgent situations where immediate action is required, without compromising the meticulous planning and reliability that define all our logistics solutions.

- 24/7 AOG & Time Critical Logistics
- On Board Couriers (OBC)
- Next Flight Out (NFO shipments)

24/7

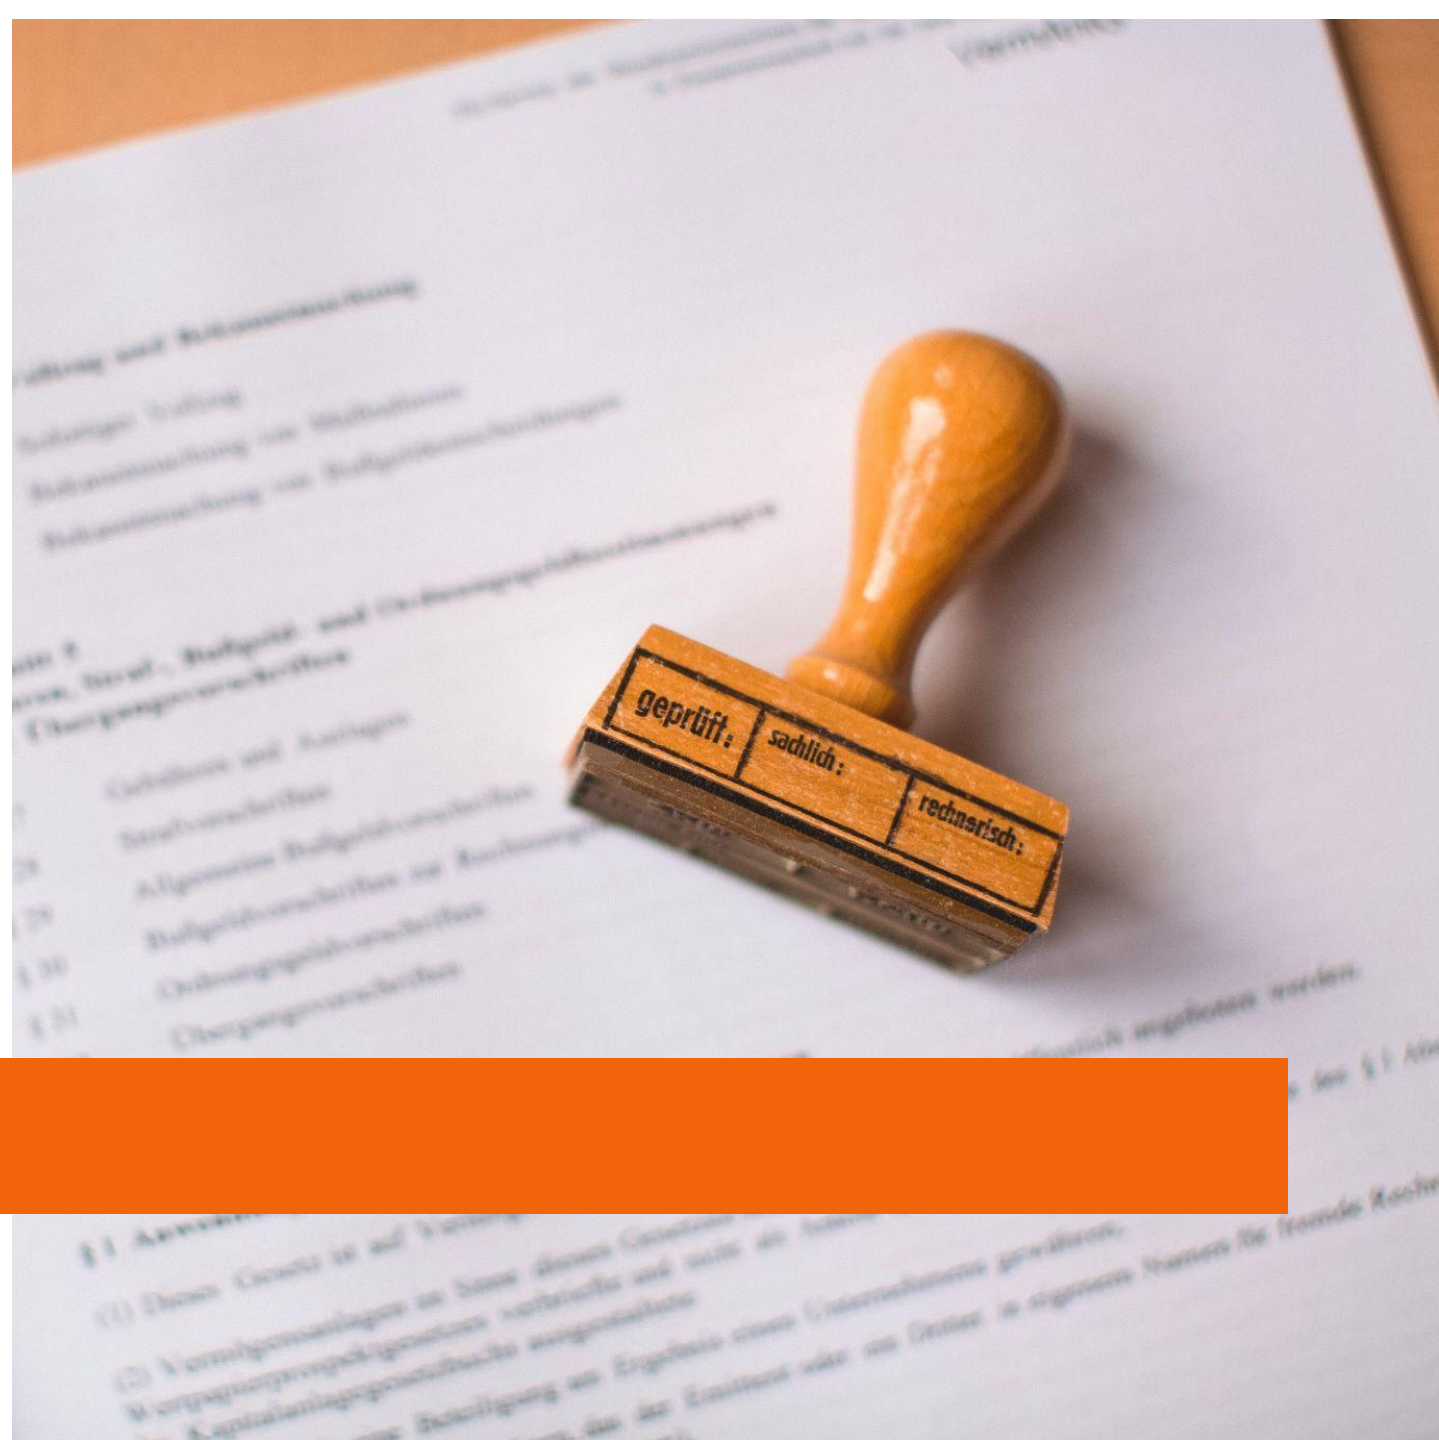

CUSTOMS CLEARANCE

OUR SERVICES

At Nexus, we understand that navigating through customs is a critical and often complex part of the global trade process. Our specialization lies in efficiently processing customs entries for a diverse range of commodities across various regions worldwide. Recognizing that precise documentation is crucial for successful trade and logistics, we ensure every detail is meticulously handled.

Our network of licensed brokers brings extensive experience and expertise to the table, assisting companies in proper commodity classification and accurate document preparation. This not only makes the last mile of delivery hassle-free but also adds significant value to the overall supply chain. With Nexus, you can trust that your customs clearance needs are managed by professionals who are dedicated to ensuring a smooth, compliant, and efficient process.

Seamless handling of your cargo

TRUCKING

OUR SERVICES

At Nexus, we are equipped to support a wide array of inland transport needs, catering to both large and small cargo with equal proficiency. Our comprehensive trucking solutions are designed to meet your specific requirements, ensuring safe and timely delivery of your goods.

We provide an extensive range of services including full truckload (FTL), less than truckload (LTL), railroad, and intermodal transportation, all at competitive rates. This diversity in options allows us to offer flexible and efficient solutions for any cargo type.

Specializing in handling special projects and oversized cargo, Nexus is adept at securing the necessary transport permits for seamless movement within the country. Our dedicated team ensures that every aspect of the transportation process, from planning to execution, is managed with precision and care. With Nexus, you can trust that your inland freight is in capable hands, transported with expertise and dedication.

PROJECT CARGO

Customized logistics services for construction projects

Nexus stands at the forefront of Project Cargo management, especially tailored for the construction industry. We understand that such endeavors require not just the transportation of materials but a holistic approach to logistical planning and execution.

Our services begin at the very inception of your project. Collaborating closely with your team, we map out a logistics strategy that encompasses every nuance of your construction needs. From oversized structural components to critical building machinery, every item is treated with paramount importance. Our meticulous coordination covers all aspects - regulatory compliance, route optimization, and risk management, ensuring a smooth flow of materials from origin to site.

Leveraging our extensive network, we handle the complexities of transporting diverse cargo types. This includes the secure and efficient movement of heavy-lift items such as cranes and bulldozers, as well as sensitive materials like glass and precision equipment. We also offer customized solutions for unusual or exceptionally large items, employing methods like chartering vessels or specialized equipment.

Our commitment extends beyond mere delivery. We synchronize our efforts with your construction schedule, adapting to any on-the-ground changes to keep your project on track. The safety of your cargo, our crew, and the environment remains a top priority throughout the process.

VERTICALS

Tailored approaches for key industries specific needs

Nexus differentiators	 Oil & Gas	 Aerospace	 Automotive	 Chemicals	 Fashion	 Manufacturing	 Pharma
Reliability	Safely transporting critical equipment under harsh environmental conditions.	Consistent delivery of high-value, sensitive components with zero-defect tolerance.	Unwavering dependability, aligning with strict automotive production schedules.	Handling of hazardous materials with a strong focus on regulatory compliance and safety.	Managing seasonal inventory fluctuations and high-volume, global distribution.	Robust delivery performance for heavy industrial machinery.	High-reliability logistics for sensitive pharmaceuticals, maintaining product integrity through strict temperature controls.
Urgency	Rapid response to urgent equipment needs.	Fast-track solutions for urgent aerospace part deliveries to minimize downtime in production.	Emergency automotive part shipments to avoid assembly line stoppages.	Priority handling of time-sensitive chemical shipments.	Speedy distribution capabilities for fast fashion.	Rapid handling of unplanned industrial supplies.	Expedited shipping for urgent pharmaceuticals, including life-saving medicines.
Tailored solutions	Custom logistic strategies for oversized and unconventional cargo.	Bespoke logistic solutions for aerospace components, including special handling and storage.	Tailor-made supply chain solutions to support lean manufacturing and just-in-time delivery.	Adhering to safety and environmental standards for chemicals transport.	Accommodating high-value luxury items as well as bulk shipments.	Engineered logistics for international transport of heavy industrial machinery, focusing on route optimization and specialized handling.	Specialized cold chain logistics and other tailored services.
Traceability & Customer Service	Real-time monitoring of equipment, paired with expert customer support.	High-level traceability and dedicated customer service teams.	Comprehensive tracking and responsive service.	Detailed tracking of chemical shipments with a focus on safety and compliance.	Real-time inventory tracking and responsive client services.	Proactive customer engagement.	High visibility and control, supported by specialized customer service.
